Sub: Details of Associations

Sir,

This has reference to your letter No. 35022/28/2011-PI-IIIdated 12.02.2015 on the subject cited above.

In reply we have to state that we are the apex body of the manufacturers of drugs and pharmaceuticals in small and medium segment. We have a federating set up and have pan India presence through our federating members who are State level associations of the manufacturers in this segment.

We have a Governing Body elected by voting from the candidates as nominated by our federating associations. We also have an Executive Committee which deliberates and guides our association for policy matters. The members of the executive committee are the representatives of state level associations as nominated by them. State level associations further deliberate about day to day developments in Pharma sector with District associations of their state or individual Pharmaceutical manufacturer in Small scale sector, as the case may be. The meetings of the executive committee are held at regular intervals in different States to have deliberations on the issues relating to the industry and to lay down the policies to be followed for protecting the interest of the members.
